

Championing classic cocktails with a no-holds-barred approach and modernist flair, Dragonfly is built for the curious who relish cocktail artistry that echoes tales of tradition and origin.

A one-room revolt for the luminaries, designed to be an enigmatic hideout for after-hours revelry, epicurean escapades and social occasions, Dragonfly pays homage to art mogul Louis Comfort Tiffany - with its thematic brilliance that consists of opulent glass murals, an art deco-style bar counter and a vaulted canopy of mosaic lamps that redefine visual allure.

*This is where dialogues are fostered,
elements meet,
and opposites attract.*

Welcome to Dragonfly.

THE CAUSE & RIPPLE EFFECT

A guiding philosophy and core ethos of Dragonfly, Historic Classics are central to our library of libations, represented and showcased in the 8 houses of storied spirits, balanced between familiarity and novelty.

The Cause & Effect series is built on the wireframe of tried-and-true Golden Age and Dark Age classics, imbued with elements that go against the tide and challenge conventions — which slowly ripples into Dragonfly's originals.
